What is Behavioral Health Furniture?

Behavioral Health furniture is specific to environments where the behavior of the user can affect the furniture and the user can be impacted by the furniture and overall environment. Stance Behavioral Health product is designed for comfort, safety, and extreme durability. Modified standards are available on a per project basis.

Behavioral Health top three considerations when selecting furniture:

<table>
<thead>
<tr>
<th>Durability</th>
<th>Cleanability</th>
<th>Safety</th>
</tr>
</thead>
<tbody>
<tr>
<td>• High pressure laminate, solid surface, and polyurethane surfaces wherever possible&lt;br&gt;• Selected range of highly durable healthcare-grade upholstery materials&lt;br&gt;• Internal steel construction methods</td>
<td>• 3-way clean sweep around seat cushions&lt;br&gt;• No crevices&lt;br&gt;• Durable vinyl to withstand stringent cleaning agents</td>
<td>• Designed to inhibit concealment&lt;br&gt;• Anti-ligature features&lt;br&gt;• Weighted to deter misuse&lt;br&gt;• No sharp points/edges&lt;br&gt;• Tamper resistant hardware and glides&lt;br&gt;• Floor mount options</td>
</tr>
</tbody>
</table>

3-way clean-out spacing around seat | Choice of protective surface materials | No sharp corners or edges | Durable Healthcare-grade upholstery | Low profile feet for increased safety

Frontier is a rotationally-molded collection consisting of a platform bed and coordinating bedside cabinet. Both units are constructed with high-impact polyethylene, continuously molded for maximum durability.

**Bed Features**
- Filled with polyurethane foam for enhanced durability
- Corners and edges rounded for increased safety
- Surface features grooves for fluid containment
- Cal TB 133 compliant
- Stain-resistant, seamless and easy to clean
- Floor-mount system has minimal impact on aesthetics

**Bedside Cabinet Features**
- Can be inverted for preferred configuration
- Cal TB 133 compliant
- Stain-resistant, seamless and easy to clean

**Options**
- Custom colors available
- Bed can be bolted to floor
- Behavioral Health mattress also available

Bed weighs 200 lbs.
Fusion

Highly durable, safe and easy to maintain, the Fusion series includes beds, shelving and accessories for patient room spaces that are rotationally molded for maximum durability. That means all units are molded into one continuous, seamless piece of high impact polyethylene to achieve and sustain a consistency of strength.

Features
• Corners and edges are rounded for increased safety
• CalTB 133 compliant
• Stain-resistant, seamless and easy to clean

Options
• Custom colors available for larger projects
• Can be bolted to floor or wall
• Bed options include storage compartment and bed riser

Fortress

Like Stance heavy-duty seating, Fortress case goods were developed in consultation with a psychiatric facility for safety, durability and residential appeal. The line includes platform bed, bedside table, dresser, chest, single or double wardrobe and desk.

Features
- Limited Lifetime Warranty
- Drawers are non-removable without a special tool
- Anti-ligature features include inset pulls, continuous hinges and J-Bar in wardrobe
- Cabinet tops are 1” thick and flush-mounted to inhibit handling of the unit
- Wardrobe doors hung on steel piano hinges
- Wardrobe top is sloped to eliminate non-visual surface area
- All joints reinforced with double-dowel construction

Options
- Custom finishes
- Custom dimensions
- Can be bolted to wall if required
- Bed options include restraint loops and bolt-to-floor brackets
- Units can be supplied with various lock types
- Wood bullnose edge option available

Inset pull is reinforced to withstand force
All drawers are non-removable without special tool
Wardrobe piano hinge reduces ligature risk
Bed features optional restraint loops
The Liberty Collection for Behavioral Health exudes a warm, residential aesthetic without sacrificing durability and safety. Tops, doors and drawer fronts are surfaced with seamless thermofoil and feature softened edges to reduce risk of injury.

**Features**
- Drawers are non-removable without a special tool
- Integral finger pulls reduce risk of ligature
- Cabinet tops are 1” thick and flush-mounted to inhibit handling
- Wardrobe top is sloped to eliminate non-visual surface area
- All joints reinforced with double-dowel construction

**Options**
- Custom finishes
- Custom dimensions
- Can be bolted to wall if required
- Bed options include restraint loops and bolt-to-floor brackets
- Units can be supplied with various lock types
We serve the needs of behavioral health facilities with heavy-duty tables in various base styles and tops in a range of sizes. To enhance safety the table bases are weighted, and the 1” tops have a solid wood bullnose, PVC or raised poly-resin spill edge. We also supply internally weighted drum tables with a laminate surface in our seven wood finishes.

**Features**
- Disc and trumpet bases constructed of 14-gauge seam-welded steel tube
- All tables weighted to discourage handling
- All fasteners are tamper-resistant
- Table tops are 1” thick and feature softened edges and corners
- Drum Table features steel plinth base for added protection

**Options**
- Custom finishes
- Custom sizes
- Custom edge styles
- Additional weight can be added on request

*Tables are available in many shapes, sizes and finishes. Custom sizes also available.*
Resilia

The Resilia Drum Table is perfect for behavioral health facilities. It features a Marmoleum™ surface which makes it extremely durable and easy-to-clean. Overall, the unique appearance of the Resilia Drum Table helps provide an environment that feels less institutional.

Features
- Steel plinth base adds weight and protects table from damage
- Marmoleum™ surface material provides enhanced durability
- All fasteners are concealed
- Glides are tamper-resistant and non-removable
- Solid surface top available in a variety of colors

Options
- Custom solid surface and powder coat finishes
- Other Marmoleum™ finishes also available
- Custom dimensions
