

Accent Seating For Behavioral Health

Product Specifications

Construction

- Fully welded frame is constructed of heavy 14 gauge, 7/8" tubular steel and powder coated for long life
- Contoured seat and back panels are constructed of laminated, high density hardwood veneers using a RF process and a UF resin with very low offgas emissions
- Foam contains environmental-friendly bio- based materials, and is California TB117-2013 Compliant. Hi-resiliency foam resists flattening for longer life and enhanced comfort

Features

- Limited Lifetime Warranty
- 14-gauge powdercoated steel "H" frame
- All fasteners are tamper-resistant
- Sled base enables frame to be bolted to floor
- Steel seat pan conceals upholstery staples and adds weight

- Available in 3 seat widths: 18.5", 22" and 26"
- Nylon glides are non-removable and protect floors from damage

Options

- Custom frame finishes
- Also available with arms
- Contrasting fabrics
- Bolt-to-floor brackets
- CAL TB 133 Compliance
- Moisture Barrier
