

# Carson Lounge Collection

## For Healthcare Environments

### Product Specifications

#### Construction

- Seat and back utilize boxed 1/2" plywood construction, with individual pieces interlocked, stapled and glued for added strength
- Foam contains environmental-friendly bio-based materials, and is California TB117-2013 Compliant. Hi-resiliency foam resists flattening for longer life and enhanced comfort
- Optional polyurethane arm caps self skinning (ISKIN) foam overmolded on a steel insert. These arm caps are treated with an antimicrobial agent for healthcare applications, and may be disinfected with diluted hydrogen peroxide, alcohol and bleach solutions
- Optional European Beech arm caps are 5 axis CNC machined, then sanded with 220 grit paper for an extra smooth finish
- Optional hard polyester resin arm caps with plywood core provide enhanced durability
- Optional Solid Surface arm caps comply with ASTM D256, D570, D638, D785, D790, D1499; ANSI Z124, and NEMA LD3 standards in respect of colour stability, impact and stain resistance, fungi and bacteria, cleanability and flexural and tensile strength

#### Features

- Limited Lifetime Warranty
- 14-gauge steel framework provides enhanced structural integrity
- Concealed clean-out space between seat and back
- Nylon glides protect floors from damage
- No visible fasteners

#### Options

- Choice of wood, polyurethane or solid surface arm caps
- Choice of wood or powder coated steel leg
- Custom leg and arm cap finishes
- Contrasting fabrics
- CAL TB 133 Compliance
- Moisture Barrier
