

# Prairie Case Goods

## For Healthcare Environments

### Product Specifications

#### Construction

- Cabinet carcass is constructed of low pressure laminate over 45lb per cubic ft. 3/4" thick chipboard, including the backs. Doors and drawer fronts are made of Maple hardwood. Bedside table and dresser tops are finished with a hi-pressure laminate and a 1" Maple hardwood bullnose. Bottom edges of the cabinets panels are edgebanded to prevent liquid absorption and offgassing
- Optionally available Hanex solid surface cabinet top comply with ASTM D256, D570, D638, D785, D790, D1499; ANSI Z124, and NEMA LD3 standards in respect of color stability, impact and stain resistance, fungi and bacteria, cleanability and flexural and tensile strength
- 3mm, damage resistant, PVC keeps edges looking good
- All carcass panels are joined with hardwood dowels, and glued
- Drawer fronts, tops and kicks are field-replaceable
- Optionally available hardwood bullnose is made from 1" Maple
- Blum door hinges
- 1 1/4" diameter 4 x 1/4" long steel legs are powder coated for long life and capped with non-marking nylon glides
- Optionally available locking (front) and non - locking (rear) casters on bedside tables ride on a 2" non-marking rubber wheel

#### Features

- Powdercoated steel drawer sides covered by lifetime warranty
- Hardwood bullnose edging ensures durability and safer softer edges
- Head/foot boards feature solid maple decorative top rail

#### Options

- Drawer liner available for all bedside cabinet models
- Galley rail available on all bedside models
