

drum tables

for healthcare & behavioral health

drum tables

Drum Tables are perfect for both healthcare and behavioral health facilities. They provide a weighted steel plinth base for extra protection against damage, and are available in a wide range of finishes and sizes.

Features

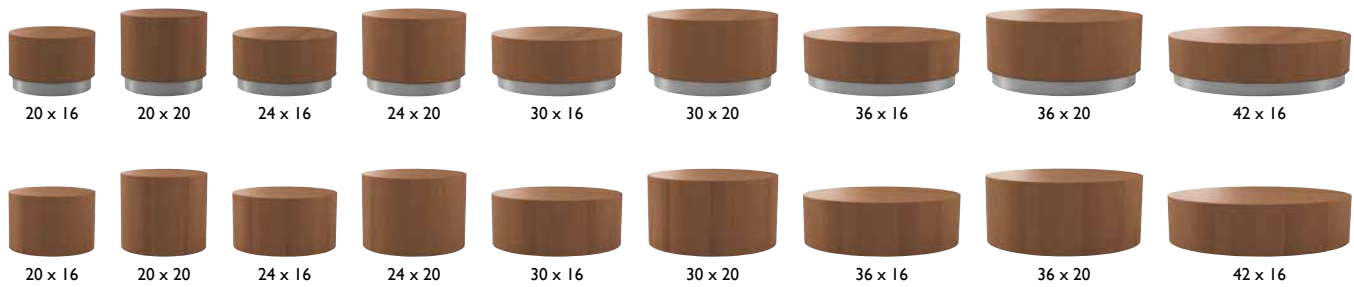

- Steel plinth base adds weight and protects table from damage
- High pressure laminate surface
- All fasteners are concealed
- Glides are tamper-resistant and non-removable

Options

- Solid surface top available in a variety of colors
- Custom powdercoat finishes
- Custom dimensions
- Built in power/usb receptacle*

* not recommended for use in high-risk patient areas
