## Introducing Flo

As the demand for Behavioral Health facilities continues to rise, so does the need for furniture that prioritizes safety, comfort, and dignity. The Flo Series was designed to meet these challenges.

Combining elevated aesthetics with uncompromising durability, Flo is a rotomolded product that delivers thoughtfully designed solutions for bedrooms, dining areas, lounges, and more. With clean lines, enhanced safety features, robust construction, and a soothing, nature-inspired color palette, Flo transforms spaces into environments that feel calm and welcoming.

## Award-winning Design

The Flo Dining Series and Lounge Collection, winners of the prestigious Nightingale Awards in 2021 and 2024 respectively, set a new benchmark in Behavioral Health furniture. Combining elevated aesthetics with uncompromising durability, these collections demonstrate how thoughtful design can transform spaces into environments that feel safe, comfortable, and welcoming.

# Flo's Color Story

Available in a range of soothing, natural tones, the Flo series brings the calming essence of the outdoors into healing spaces. Each color is thoughtfully selected to promote comfort, balance, and serenity, creating environments that feel restorative and welcoming.

Iron Gate

Grounded and strong, Iron Gate reflects the depth of natural stone and weathered earth. Its cool, neutral tone brings balance and calm, creating a stable foundation for restorative spaces.

Chateau Grey

Elegant and timeless, Chateau Grey reflects the soft tones of weathered stone and misty landscapes, bringing a sense of calm and sophistication to any space.

Warm Sand

Inspired by sunlit shores, Warm Sand offers a gentle, grounding warmth that evokes comfort and serenity in natural environments.

Sage Green

Fresh and restorative, Sage Green mirrors the soothing hues of garden herbs and leafy foliage, creating a tranquil, biophilic connection.

Slate Green

Deep and balanced, Slate Green draws from forest shadows and moss-covered stone, adding depth and harmony to healing spaces.

Dusty Blue

Soft and airy, Dusty Blue recalls clear skies and quiet waters, infusing spaces with calm and openness.

Cornflower Blue

Bright yet soothing, Cornflower Blue reflects the beauty of wildflowers and summer skies, bringing a cheerful sense of peace.

Heather Purple

Soft and serene, Heather Purple draws inspiration from blooming heather in nature. Its calming tone brings a sense of peace and harmony, perfect for creating restorative spaces.

## Elevated Design with Color & Comfort

The Flo chair, lounge, rocker and occasional table all have the option of including fabric padding. This allows designers the freedom to introduce a pop of color, incorporate biophilic patterns or add an extra layer of comfort. Ideal for supervised environments, each fabric pad is securely mounted for enhanced safety.

## Flo's Design Story

Under the design leadership of Cesar Fernandes, the Flo Series represents an evolution in Behavioral Health furniture. Developed in close collaboration with a Behavioral Health design consultant and our internal design team, Flo is rooted in deep expertise, real-world clinical insight, and a shared commitment to human-centered design. Built around three essential principles in healthcare design, durability, cleanability and aesthetics, this collection redefines what is possible in creating safe, functional, and welcoming spaces.

"We've over-engineered Flo to withstand Behavioral Health environments, while still emphasizing comfort and calm with every detail. With its soft curves, easy-clean shapes and surfaces, and attractive form, the Flo series supports a relaxing and comfortable space for end-users in any healthcare setting."

Cesar Fernandes,  
Design and Development Manager
