

CONSTRUCTION –

• Nylon runners secured with tamper resistant fasteners

• Meets CAL 117 and UL94 HB flammability certifications

• Contains long-term UV protection with UV-20+ stabilizer

• Seating built to withstand static loads over 2000lbs

• Pads are attached with blind press-fit fasteners

• HDPE back and seat panels

• Foam contains environmental-friendly bio-based materials

FEATURES –

• Stain-resistant, seamless and easy to clean

• Corners and edges rounded for increased safety

• Ligature resistant

• Ergonomically designed for comfort

• Replaceable back and seat pads (recommended for supervised spaces)

• Engineered to exceed BIFMA testing requirements

• Non-upholstered models suitable for covered outdoor spaces

• Complies with UL 94 HB, CAL 117-2013 & CAL TB 133 / ASTM E1537 flammability standards

OPTIONS –

• HDPE runners

• Custom finishes

• Contrasting fabrics

• Factory supplied ballast

Frontier and Flo products may feature some irregularities in surface flatness due to the nature of the rotational molding process. In addition, large temperature shifts can also temporarily alter the products shape. Neither surface variation has any bearing on the product's performance or strength.
