

CLEO GUEST SEATING CONSTRUCTION –

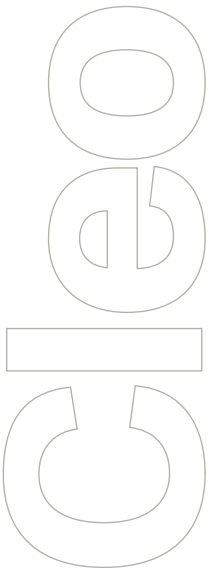

- Fully-welded frame is constructed of 14-gauge, 7/8" tubular powder coated steel
- Contoured seat and back panels are constructed of laminated, high density hardwood veneers using an RF process and a UF resin with low off-gas emissions
- Foam contains environmentally-friendly bio-based materials, and is California TB117-2013 compliant
- 1" dia swivel base nylon glides
- Internal elastometric seating suspension system provides long term performance and support

FEATURES –

- Signature double wrapped back creates a welcoming sense of support
- Minimal seams for a clean look and enhanced cleanability
- Wall-saver legs to protect surrounding surfaces
- Solo frame or arm cap option for design flexibility
- Forward sloping arms with wide front opening for easy ingress/egress
- One piece welded steel frame for lasting durability
- 360-degree clean-out design for easy cleaning and maintenance

OPTIONS –

- Custom finishes
- Contrasting fabrics
- Moisture barrier
- Wood, polyurethane, or solid surface arm caps
