

CONSTRUCTION –

- Fully welded frame is constructed of heavy-duty steel tubing, and powder coated for long life
- Seat panels are constructed of laminated, high density hardwood veneers using a RF process and a UF resin with very low off-gas emissions
- Foam contains environmentally-friendly bio-based materials, and is California TB117–2013 Compliant

FEATURES –

- Robust 14-gauge steel frame
- Seat cushions can be easily replaced if necessary
- All upholstery staples are concealed
- Non-removable nylon glides

OPTIONS –

- Solid Surface center table
- Power/USB outlet
- Floor mount brackets
- Custom finishes
- Moisture barrier
